

MEINL CYMBALS NEW FOR 2024 NOK

Meinl 16" & 18" & 20" Pure Alloy Extra Hammered Crash

The Pure Alloy Extra Hammered crashes feature a medium-thin weight and extensive hammering throughout. They open up easily and speak with a punchy warmth. The attack is quickly followed by a complex roar in the wash that tapers off for a fast decay.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 15" Pure Alloy Extra Hammered Hihat

The 15" Pure Alloy Extra Hammered Hihats feature a medium-thin top and medium bottom with additional hammering throughout. Sounding pre-EQ'd, they have a dry attack in the upper-mid frequencies giving them a clear and focused voice. Additionally, there is a hint of sizzle and crunch in the low end creating rich warmth for a naturally compressed response. Open the top cymbal for thick barks, and close them for a dry foot chick. Fully opened, they present a robust wash that has plenty of volume and push.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 20" & 22" Pure Alloy Extra Hammered Crash-Ride

The Pure Alloy Extra Hammered Crash-Ride is a cymbal you can be confident in, and when taken on a gig, it will function however you need. As a crash, it opens easily with a warm voice and medium sustain allowing it to be used in any musical application. As a ride, it features great separation between the stick definition on top and the warm wash underneath, and the bell is clear and pronounced providing plenty of cut when needed. This is a cymbal that any working drummer would benefit from having in their cymbal bag.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

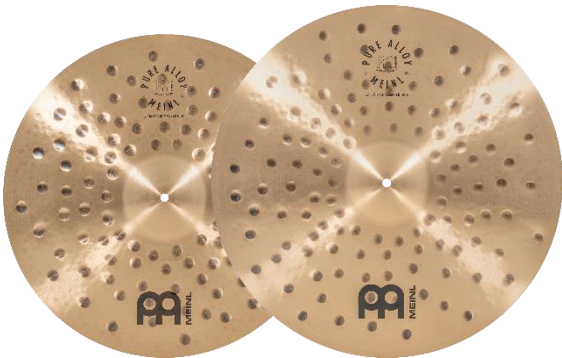

Meinl 20" & 22" Pure Alloy Extra Hammered Ride

The Pure Alloy Extra Hammered Ride is a medium weight ride cymbal developed for clear, dry stick definition with a warm body and short sustain. The pronounced stick attack has a rich and musical articulation due to the extra hammering throughout and also produces a deep, complexity underneath the stick. The unique combination of clear definition and a warm voice allows this ride cymbal to be used in wide variety of musical applications.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 8" & 12" Pure Alloy Splash

Fast response with a crisp attack and bright tonality. Great for accents or counter balancing big crashes.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 18" Pure Alloy Trash China

The Pure Alloy Trash China features holes that have been added throughout for a faster attack and quick decay. Additionally, this china has a different tonal response with more highs in the wash meaning this china will cut when needed. Finally, the holes will prevent airlock when used to stack with other cymbals.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 14" & 15" Pure Alloy Soundwave Hihat

The Pure Alloy Soundwave Hihats produce a quick response and crisp attack followed by a high-end sizzle in the wash making them perfect for drummers who want more articulation and definition from their hihats. Additionally, the soundwave bottom prevents airlock between the cymbals meaning you can always get a strong foot chick when needed. Cutting through the drum mix with these hihats will allow you to establish a solid groove for everyone else to follow.

Meinl 16" & 18" & 20" Pure Alloy Thin Crash

The Pure Alloy Thin crashes open easily with a bright punch followed by a warm wash, then decay quickly for a short sustain. With the swift sound arc, these crashes speak with a pure tonality but never getting in the way of other voices.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 20“ & 22“ Pure Alloy Thin Ride

The Pure Alloy Thin Ride has a sparkling stick attack over a warm bed of wash. The bell has a bright snap that stands out in any musical context. When crashed, these rides really open up for bold accents and long sustain making them versatile cymbals that will cover several musical applications.

Features:

- Computerized Hammering, made in Germany
- Timeless sounds
- For all styles

Meinl 21" Byzance Foundry Reserve Flat Ride

The 21" Byzance Foundry Reserve Flat Ride combines the articulation that flat rides are known for with the rich complexity of the Foundry Reserve. The result is a flat ride that is full of character and will work in many settings. The 21" size plus the medium-thin weight makes this a versatile ride which is perfect for situations where subtlety and shading is needed as much as straight forward clarity. The extensive hand-hammering builds in a robust character that many flat rides do not exhibit.

Features:

- B20 bronze alloy
- Hand hammered for an unique sound
- Complex blend of sounds

Meinl 22" Byzance Foundry Reserve China Ride

The Byzance Foundry China Ride delivers an articulate knock that china rides are known for; however, this china can also be delicate and sensitive when needed due to the thin weight. Don't be fooled by the weight though as it easily opens to a roar, that you not only hear but feel, due to the large size and complex hand-hammering. The four rivets add just enough sizzle to carry this cymbal along when riding and will be perfect for a long-decay crash accent. Play this cymbal with a mallet, and you will add a whole new dimension of sound to your arsenal.

Features:

- B20 bronze alloy
- Hand hammered for an unique sound
- Complex blend of sounds

Meinl 22" Byzance Dark Big Apple Flat Ride

Drawing from the foundation of other Big Apple rides, this flat ride combines many elements for a unique cymbal. Starting off, the thin weight allows this cymbal to be very expressive regardless of the dynamic level. Next, the unlathed surface and lack of a bell produce razor sharp definition wrapped in an earthy, raw vibe. Finally, there is a slight bow in the shape which adds a roar and hint of sizzle in the wash and creates a low, breathy response when crashed.

Features:

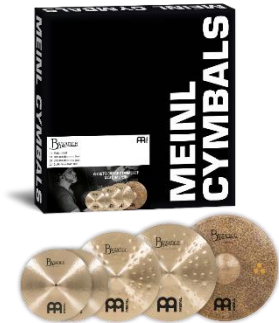

- B20 bronze alloy
- Hand hammered for an unique sound
- Sharp definition with a raw vibe
